## Long Failing in Health at State House

BATON ROUGE, La. (AP)—Gov. Earl K. Long, beset by grievous mental and physical ills, admittedly is failing in health. Few bodily and how rapidly was not quite clear.

Washington political source said Wednesday night that the 63-year-old governor was failing.

When several doctors hovered over Long and several relatives arrived, speculation arose that his condition was critical. Then Sen. Spencer Myrick emerged from the mansion and explained a dentist was fitting a new set of false teeth for the governor, and the doctors were laughing and joking with Long.

The governor's condition, however, was viewed as grave.

Long was stricken with a mild heart failure July 1. Five days previous to that the governor had won freedom from a mental institution after once having been diagnosed as insane.

He returned to the capital Monday.

## Request for Stay on Act 10 Verdict Denied

LITTLE ROCK (AP)—A request that a three-judge federal court stay its ruling that Act 10 of 1958 is constitutional was denied yesterday by the court. The action left the way clear for enforcement of the controversial teacher-tenure law unless a superseding stay order is obtained later from the U.S. Supreme Court.

Teachers in state-supported institutions are required under the law to swear to organizations they have belonged to or contributed to in the past five years. Otherwise, they may not be employed.

The judges, Circuit Judge John B. Sanborn of St. Paul, Minn., and District Judges John E. Miller of Fort Smith and J. Smith Henley of Little Rock—ruled the law constitutional on June 8.

Attorneys for B.T. Shelton, Little Rock Negro school teacher, had sought the stay. It granted, it would have barred enforcement of the act pending an appeal to the U.S. Supreme Court.

Act 10 also has been held constitutional by Pulaski Chancery Court in a separate suit. The Arkansas Supreme Court has refused to stay pending a final ruling on the appeal.

## Klan Making Campaign in This State

LITTLE ROCK (AP)—The leader of Arkansas' Ku Klux Klan says a statewide drive for membership is underway and he sternly declared the Klan is opposed to violence.

A. C. Hightower, Little Rock barber and grand dragon of the Klan, said yesterday the state would be organized into provinces according to population with each province to have several Klans or lodges.

Hightower sidestepped direct answers to many questions about the organization he chartered June 4 as the U.S. Klans, Knight of the Ku Klux Klan, Inc.

He said he headed the membership drive by declining to say how many people were involved in it. He was asked if Gov. Orval E. Faubus' predictions that violence would occur if public schools here were opened integrated had any effect on the membership drive.

"The Klan will not be involved in any violence whatever," Hightower said, adding that members "are strictly law-abiding citizens."

He blamed "enemies" of the Klan for doing violence in the past, while pledging an effort to protect "white people" against the Klan.

Hightower would not reveal the members of the Klan, but said it was a "patriotic, patriotic, patriotic organization."

He said a lady auxiliary was organized in the town of the state.

As of May 1, 1959, there were 39 chapters and 411 Klans in the Arkansas State Hospital.

## TELEPHONE TALK

By Vance Smiley, Wire Chief, Hope, Ark.

## More Growth

During the months of May and June we gained an even one hundred telephones in the Hope Exchange. This is as many as we used to gain in a year or more, so you can see that we have been busy lately.

We have work orders to add more Central Office equipment within the next few weeks which will about fill up our present building. When will we add to our building? It's only a guess, but I believe it will be within the next twelve months.

## Building Boom

If you took all of the telephone buildings in the state, and put them together in one place, they'd make a good-sized city all by themselves. That would still be true if you took only the ones that have been built in the post-World War II years.

In just the past 10 years we've erected 153 new telephone buildings and made additions to 32 others.

These buildings, needed to house equipment and supplies and to provide office space required by Arkansas' telephone growth, represent a substantial contribution to the over-all economy of the state and its communities, since this work is contracted with Arkansas building firms.

We spent more than \$7 million dollars on new buildings and additions in the years between 1949 and 1958. This money, in addition to providing jobs for Arkansas workers, is spent and re-spent within the state, giving a lift to the whole state's economy.

## Other Big Projects

In other telephone construction projects, many of which are contracted with local firms, enough new poles have been placed in Arkansas since 1949 to build a solid wall from Hope to Lewisville.

Enough open wire has been added in the years 1948 through 1958 in Arkansas to reach three times around the earth.

Call by number. It's twice as fast.

case of 1957 Justices Warren, Black, Douglas, Frankfurter, Harlan and Brennan cracked down on congressional investigating committees.  
They ruled a witness, before he could be held in contempt for not answering, had to be shown that the questions asked were pertinent to the investigation. This angered many members of Congress. But they lightened up their hearings.  
Then this year, confronted with a somewhat similar case, the court majority upheld the fairness of a committee hearing. Just as in the Watkins case, in this one Justices Warren, Black, Douglas and Brennan also voted for the defendant. But this time they were in a minority and lost.  
Frankfurter and Harlan-who had gone along with the liberal bloc on Watkins — joined forces with Whitaker, Clark and Stewart.

to make a majority on the other side.  
Yet all nine justices joined together to throw out in three other cases the contempt convictions of people who had balked at answering questions by state or congressional committees.  
And, the nine justices voted unanimously to beat down a New York censorship ban on a movie: "Lady Chatterley's Lover."  
Then again the court ruled, 5-4, that radio and TV stations have immunity from libel suits for remarks made in political broadcasts. This time Clark joined Warren, Black, Douglas and Brennan to make up the majority.  
Just as some people thought the court showed signs of backing down under criticism for upsetting too many congressional and governmental programs and operations, the court showed its muscles unimpaired.  
It threw out the Defense Department's industrial security program because neither Congress nor President Eisenhower had authorized it. Under this program those defense plant employees tagged as security risks could be fired without a chance to confront or cross-examine their accusers.  
On this vote was 8-1, with Clark the lone dissenter.

## Boston Beaten by Yanks, in Cellar Still

By ED WILKS  
Associated Press Sports Writer

The Boston Red Sox blew a chance to quit the American League cellar Wednesday night, letting a 5-3 lead slip away and taking an 11-5 walloping from the Yankees, who tied for third place in the only baseball game scheduled in the majors.

That game, making up an April rainout, was at New York. The next five are at Boston as the result of a weird schedule and a rainout.

The Yankees, now sharing third with Baltimore, 4½ games shy of first, did some blowing themselves before rolling back with a 15-hit attack. Yogi Berra, who homered, and Bill Skowron, who tripled, doubled and singled, drove in five runs between them. Hector Lopez also drove in three runs, two on a bad-hop single that struck Boston second baseman Pete Runnels in the face.

A five-run fourth inning, triggered by Skowron's two-run triple and Berra's two-run, ninth homer, gave it to the Yankees and reliever Bobby Shantz (3-2), who has won three straight.

While the Yankees make their latest bid to get a move on in the AL against the Red Sox, first place Cleveland sets back to business after the All-Star break with the opener of a two-game series at Chicago tonight. The Indians have a two-game lead over the second place White Sox.

Baltimore has five games in four days at Washington, starting with a two-night doubleheader tonight.

In the National League, Milwaukee takes a .003 percentage-point lead into the opener of a three-game series with the third place Los Angeles Dodgers, who trail by a half-game.

Second place San Francisco

puts the heat on Freddie Hutchinson, new manager of the Reds, right away by opening a three-game series at Cincinnati tonight.

## Majors Discuss Financial Aid for Minors

CHICAGO (AP)—A one million dollar financial aid program to bolster struggling minor leagues held top attention today of major league baseball officials.

Other main issues before the majors' annual summer meetings are the question of the starting date of the 1969 race and controversy over a rule permitting interleague player trades.

Commissioner Ford Frick said the question of a third major league is not on the agenda and that he does not believe it will be discussed.

However, the third major league proposal could be brought before the meeting with the unanimous consent of the club owners.

The executive committees of the majors and minors huddled Wednesday with Frick in an effort to work out a formula for shorting up the sagging minor leagues.

Charles Segar, assistant to Frick, said recommendations will be submitted Friday at a joint meeting of American and National league club officials.

**Hutchinson New Manager of Cincinnati**

CINCINNATI (AP)—Burly Fred Hutchinson takes over tonight in one of baseball's managerial hot seats—manager of the Cincinnati Reds.

Cincinnati General Manager Gabe Paul announced Wednesday that Mayo Smith had been fired after directing the team through only 80 league games and that Hutchinson had been named to replace him.

Hutchinson, former pilot of the Detroit Tigers and the St. Louis Cardinals, has been managing Seattle of the Pacific Coast League, a Cincinnati farm club affiliate.

In coming here, Hutchinson will be the 10th manager of the Reds since 1947. He will be the fourth in less than a year although one of them—Jimmy Dykes—had only a "interim" tenure last year after Budie Tebbetts quit.

"Hutch" will be taking over a club mired in seventh place, 10½ games out of first. It is a club so admittedly weak in pitching that Smith singled out that phase Wednesday night as a major reason for the team's plight.

Paul said Hutchinson would be signed to a contract running through the 1969 season when he arrives here today from Seattle. The terms were not disclosed.

## Jose Becerra New Bantam Champion

By PATRICK MCNULTY  
Associated Press Sports Writer

LOS ANGELES (AP)—"I went out there to knock him out in the first round," said smiling Jose Becerra after punching the world bantamweight crown from the handsome head of Franco's Alphonse Halimi.

It actually took the little buzz saw from Guadalajara, Mexico, eight savage rounds to cut down Halimi, who hadn't been off his feet in 28 professional fights.

A crowd of 15,110 sat and shouted in air conditioned comfort in Los Angeles' spanking new sports arena as the fighters set a pace that couldn't continue 15 rounds.

Somebody had to give—and it was the champion from French North Africa who hit the deck twice in the eighth round and was counted out.

Halimi began peppering away at the pressing challenger with long jab. But he soon switched and bombed away at Becerra in savage infighting.

Although Becerra said later he was jarred only once—in the seventh, Halimi shook the 22-year-old Mexican repeatedly with explosive right and left hooks to the head.

Halimi made his last stand in Becerra's corner. He tried gamely to punch away the swarming challenger, but Becerra was on him like a swarm of wasps.

A right smash to the jaw started Halimi tumbling. Becerra dug in a vicious left hook to the ribs as Halimi slipped between the ropes and landed flat on his back.

Becerra, who has knocked out 21 of his 36 fight opponents, said he's ready and willing to meet Halimi in a rematch.

**Red Terrorist Kills 2 Yanks Near Saigon**

SAIGON, Viet Nam (AP)—A Communist terrorist slipped into an American military billet 20 miles north of Saigon Wednesday night during a movie and exploded a bomb, killing two U.S. military advisers, himself and wounding another American officer and three South Vietnamese.

Another American officer was wounded, and two others escaped injury.

The wounded American was flown to Clark Field at Manila for treatment. A communiqué from the South Viet Nam government and the U.S. Embassy said no condition was not serious.

Following the bomb attack, San Francisco tonight.

Paul's terse announcement of the managerial change said Smith had given his "personal" notice when he was hired.

He added that Smith had been offered a job in the Cincinnati organization but Smith asserted he had not yet decided whether to accept it although he declared "I do want to stay in baseball."

**Jordan Hopes to Prove He Can Punch**

PORTLAND, Ore. (AP)—Well-timed champion Don Jordan intends to show his detractors Friday night that he can punch.

Jordan, who won the title by a decision over Virgil Akins last December and successfully defended it against Akins, again by decision, in April, will take on fast, young Denny Meyer of Portland in a 15-round title bout.

"Most people don't think he can punch. But he can punch real good," said Don Nessel, one of Jordan's managers. "Now in Meyer he is facing a real tough fighter. Meyer's strong. He's not going out the first time he gets hit. But we think Don will stop him somewhere between 10 and 15 rounds."

Jordan, working on a string of 10 straight victories, planned one final light workout today in preparation for the title bout, which will be on NBC television, starting at 9 p.m. EST.

Meyer, 10, has 20 straight victories since turning professional.

**Panic in Ship Blast Causes Death of 46**

By BIRGER FARUP

HADERSLEV, Denmark (AP)—At least 46 persons perished in panic Wednesday aboard a crowded excursion lake boat racked by explosion and fire here in south Denmark. Police said the toll might go higher.

Another 45 persons—some mothers with babies in arms—saved their lives by jumping overboard while the injured captain raced the flaming 45-foot wooden boat toward shore and grounded it.

Fourteen of the survivors were hospitalized with burns. Some, including Capt. Hans Riisfjelle, were in critical condition.

Survivors said Capt. Riisfjelle tried vainly to calm the passengers and reach the lifebelts. While flames shot out of the engine room the panicky crowd beat him back, and he returned to the wheel.

Some foreign tourists were among the passengers. But there was no indication that any Americans were among the passengers.

Police said there may have been more than 90 persons aboard. They appealed to all survivors who had not reported in to do so.

It was Denmark's second maritime disaster within six months and the second disastrous fire in Scandinavia in three weeks.

In January the Danish passenger-cargo liner Hans Hedtoft hit an iceberg south of Greenland and vanished without a trace. Ninety-five persons perished.

Clay was produced in commercial quantities in 12 Arkansas counties during 1957, one more than in 1956.

other members of the terrorist band opened fire from outside the billet with small arms and automatic weapons, the communiqué said.

Vietnamese army guards returned the fire, "forcing the terrorists to flee to the nearby river from which direction they had come," the communiqué reported.

The names of the American casualties were withheld until relatives were notified.

The attack occurred at the South Viet Nam army's training center at Bien Hoa. The five U.S. officers were members of the U.S. Military Assistance Advisory Group (MAAG) stationed in South Viet Nam to train President Ngo Dinh Diem's army.

Communist forces in the use of American weapons.

The attack was the first on Americans in South Viet Nam since Oct. 22, 1955, when terrorists bombed the U.S. Information Agency library, an American military bus and a U.S. hotel.

Thirteen American soldiers, five Americans and three South Vietnamese, were killed seriously.

The war between France and the Communist Viet Minh ended in July 1954 with the signing of an armistice at Geneva partitioning Viet Nam. Since then there have been sporadic terrorist attacks on U.S. military personnel and U.S. citizens.

## Deaths Around the Nation

SAGINAW, Mich. (AP) — Dr. Agnes E. Wells, 83, noted educator and campaigner for women's rights, died Monday after a long illness. She was dean of women at the University of Michigan from 1918 to 1919 and held a similar position at Indiana University until she retired in 1944.

LOS ANGELES (AP) — Richard Dale Miller, 91, secretary-treasurer and a retired director of Universal Consolidated Oil Co., died Tuesday. He at one time was associated with the Miller-Paine department store in Lincoln, Neb., which his brother founded.

CHICAGO (AP) — Majorie Montgomery Hard Baker, a daughter of the late A. Montgomery Ward, founder of the Ward mail order company, died Monday of a heart attack. Mrs. Baker, whose husband Robert R. Baker, is a retired coal merchant, was in her 70s.

## DOROTHY DIX

Conclusion-Jumpers Fall Flat on Their Red Faces

By DOROTHY DIX

Dear Dorothy Dix: A year ago at a picnic we accused my brother-in-law, Al, of losing my husband's very expensive watch. Al denied ever having had it but the next day he bought an even more expensive watch and gave it to my husband, saying he didn't want hard feelings. Since then Al and his wife have never been the same to us. They are pleasant when we meet but don't visit. Now, a year later, while packing to move, I found the watch in my nine-year-old son's closet. He said he had taken it and hid it, then was afraid to tell us. Now what shall we do? My husband says to forget it. I wonder, though, if I did tell Al and his wife, whether we can get back on the old footing.—Tessie

Dear Tessie: You were quite vocal in airing suspicions of your brother-in-law; have as much energy in absolving him. It certainly won't be pleasant task but it wasn't exactly enjoyable for Al to be accused of something he hadn't done. You are paying the penalty for being a conclusion-jumper. More trouble is caused by people putting two and two together and coming up with twenty-two than through any other action. It's so easy to heap blame on someone else — and practically impossible to shoulder our own share. There must have been a broad area of reasonable doubt as to what happened in the watch incident. Since there was no proof that Al was involved in the loss, you should have dismissed the disappearance as an inexplicable accident. As matters stand now, you owe Al and his wife a sincere apology, your young son must acknowledge his share of blame, and you are bound to return the money Al spent on the replacement. Not the watch, mind you, but the money spent for it. In future, try holding your tongue until you know what you are talking about.

Dear Dorothy Dix: Right after our marriage, my husband and I left the town in which we had both grown up, and moved here, where his chances of a good position were better. He writes to his people regularly. I write to my family. However, he wants me to write to his folks, even though he never even sends a card to one of my relatives. I've written his mother twice but she didn't even answer me. Just sent her regular letter to my husband. Should I continue writing them?—Joy D.

Dear Joy: An occasional short note doesn't take much time, it will please your husband, and is probably read with much appreciation by your mother-in-law, even if she doesn't answer it. Be charitable, there may be some

## News Briefs

GENEVA (AP) — Japan and North Korea reached a new impasse today in negotiations for the repatriation of thousands of Koreans.

The Japanese government refused to section any agreement sending Koreans to Communist territory until the International Red Cross approved the pact.

President Leopold Brosier of the International Red Cross insisted his organization could not rule on any pact until it was signed.

TORONTO (AP) — The Toronto Globe and Mail reported today that a French Canadian, Maj. Gen. George P. Vanier, will succeed Vincent Massey as governor general of Canada.

MONTREAL (AP) — Since the St. Lawrence Seaway opened to traffic April 25, one ship has entered every 42 minutes, officials estimate. Two years ago, authorities estimated one vessel would move every 45 minutes.

LONDON (AP) — Author Lion Feuchtwanger left an estate in England valued at \$22,331.28 when he died last Dec. 21. He left the entire estate to his widow.

DAMASCUS, Syria (AP) — Reliable sources reported today that Syrian authorities have smashed an international dope smuggling ring which had branches operating in Turkey, Iraq, Jordan, Africa, and the United States.

LONDON (AP) — President De Gaulle and his wife will pay a reason for her failure to answer.

Dear Dorothy Dix: My son is in the army and engaged to a girl here. He gets very upset because I don't call and invite her to dinner every weekend. I do call every week but don't think it necessary to have her to dinner so often. She's a lovely girl and we are delighted at the prospect of having her for a daughter-in-law.—Judith

Dear Judith: Getting involved in weekly dinner-dates would be a bit confining, especially for the summer. Just step up the invitations a bit to keep everyone happy.

DARWIN, Australia (AP) — An Australian navy tug today steamed toward Hollywood actor-median John Calvert's yacht Sea Fox, which has been sending out distress calls from off Australia's north coast.

An Australian air force bomber reported it had spotted the missing yacht 80 miles northwest of Cape Wessel.

The pilot said the yacht seemed in no immediate danger.

## Cindy Huffs and Puffs, But Is Dead Duck

By ROBERT MCHUGH  
CHARLESTON, S.C. (AP) — Tropical storm Cindy — a hur-

would start an extended western trip Thursday.

SAN ANTONIO, Tex. (AP) — About five months before Admiral Peary reached the North Pole in 1909, someone checked the book "Castle Blair," out of the Carnegie Public Library.

It was returned Tuesday, more than 50 years overdue. It was placed in a collection chute at a branch library.

Library officials said the book, overdue since Jan. 4, 1909, would have carried a \$472.10 fine.

came for only a few hours and hardly worth the designation — moved across the coast north of this old port city Wednesday night. While the storm did little damage, it was responsible for one highway death. H. H. Higgins Jr., 41, a Georgetown, S.C., lawyer, was killed when his car hit a tree that was blown across U.S. 17 about 20 miles north of here where Cindy came ashore.

Cindy, born in the Atlantic 200 miles offshore Tuesday, at one time Wednesday reached hurricane force of 75 miles an hour.

However, by the time she hit the coast at Bull Bay, at 9:45 p.m. she was losing her punch. Gusts of 60 to 70 miles an hour were recorded. Then the storm began moving inland and breaking up. Tides quickly began receding after reaching a peak two and a half feet above normal at Georgetown.

Just 15 minutes after the storm hit the coast, the Charleston Weather Bureau advised the thou-

sands of evacuated beach areas that turn safely to the sea. The storm was still moving inland, gradually diminishing, and winds were predicted to 55 mph of both Carolinas.

# That Special Turkey Stew, Try Gobble Stew

One appetizing way to take advantage of a market full of turkey is Brunswick gobble stew, served with hot garlic bread.

**GAYNOR MADDOX,** Food and Markets Editor, says the U. S. Department of Agriculture, turkeys in the market are plentiful for home consumption. The small, tender, fryer-roaster type turkeys, or barbequing, ranging in weight from 4 to 9 pounds, will be plentiful all summer. Larger, new crop birds — from 10 to 14 pounds — will be plentiful supply. In the supply of large turkeys, right now, it will be in the summer. Turkey roasts are now plentiful and will be even more plentiful as larger turkeys mature. A wife may select either a breast, quarter ranging from 3 to 4 pounds. These provide a portion of turkey meat, economy price, that can be used in other ways. Also turkey parts, such as wings, etc., are becoming popular as consumers learn how to use them in practical and economical ways.

**Brunswick Gobble Stew** Makes 4 quarts or 16 8-ounce cups. Fryer-roaster turkey, about 6 lbs., ready-to-cook weight, cut up; 4 cups (1 quart) 4 teaspoons salt, 1 can (1 1/2 cups) cream style corn, 2 med-

## Foreign Aid Bill Sliced, Near Passage

By ERNEST B. VACCARO

**WASHINGTON (AP)** — President Eisenhower's foreign aid bill — already trimmed by 33 1/2 million dollars in a Democratic rebellion — faces its final hurdle in the Senate today.

The President was rebuffed twice Tuesday as the Senate voted cuts in the amounts Eisenhower had asked both for military aid and for economic help to arms pact allies which supply large numbers of armed forces. Sen. Wayne Morse (D-Ore.) said he would seek roll call votes on other amendments to cut funds in the program.

Sen. Lyndon B. Johnson (D-Tex.), the majority leader, said he hoped to get final passage of the whittled-down measure during the day.

The Senate voted 52-41 to cut 300 million dollars from the \$1,600,000,000 Eisenhower asked for arms aid to America's free world allies.

Then it adopted by a vote of 49-43 a second amendment slashing 33 1/2 millions from the \$355 million Eisenhower said was essential for economic defense supports for armed allies this year.

But Eisenhower won a possible victory for the future on a 50-37 vote to provide permanent authorization for future military aid funds instead of the year-to-year action now required. The actual money requests then would go to congressional appropriations committees.

Eisenhower had asked such a change. The Senate approved a similar provision two years ago, but the House rejected it. House acceptance would be needed if the change is made this year.

As the Senate resumed work on the measure today, it carried \$3,543,320,000 against the \$3,909,400,000 Eisenhower asked and the \$3,542,000,000 voted by the House.

Rep. Robert H. Humphrey (D-Minn.) won acceptance of an amendment to authorize the President to spend up to two million dollars for international health projects.

Forty Democrats joined with 12 Republicans to cut military aid by 300 million dollars with only 19 Democrats joining 22 Republicans in opposing it.

Forty-one Democrats joined eight Republicans in voting the \$312 million dollar cut in defense supports with 18 Democrats and 25 Republicans backing the President.

will be against you. You'll see heads shaken, eyes averted. You will be called a poor, sick woman. It'll be tough to take, and there's no need for you to take it, if you don't want to. Now hold on — let me finish. You have a medical history of instability. What caused it, will be of no consequence. If anyone is called a liar, it will be you. Sympathetically, of course, because you're not supposed to even know you're lying. That's how it will be, if you stay here and we chase down what happened. That's what I have to say on the subject."

"But you, Casey?" she said in a shaky voice. "What of you?" "Me?" he asked. "Why, woman, I believe every word you said."

She closed her eyes and smiled in gratitude. "Casey, thank you. I want to stay. I don't care what happens; except that we find the strange little girl who came to me out of the ocean."

"Hold on," he cautioned quickly. "She didn't teach you. She came out of the ocean — okay — but not to you, darling. You just happened to be there and when she is found, she'll have someone to go to. Do you understand? She didn't come to you."

"Yes, I understand, Casey. That too, I can accept, but help me find her. Help me, darling."

They left the dishes on the table and went into the living room to occupy the coffee balanced precariously. Casey was thinking.

When he was deep in thought, his face and his body were in complete repose. Many an opposing lawyer had been tricked by that. When his long frame was spread out, his eyes closed, his mouth lax, he was wider awake than ever, and his brain was churning at a highly productive rate.

"Now," he said, "we've found one weak spot. And it's in our favor, Mel Calder lied about the Teddy bear. If that's the case, then he had something to do with her disappearance. Was Calder with you every moment you were in the store?"

"Yes," Diane said. "So was Mr. Banhard. He really tried his best to help and he didn't seem at all as dumb and forbidding as he looks, or as we imagined."

"Then we'll concentrate on Calder."

"But what can we do?" Casey thought for a moment, his mind still turning at high speed. "There isn't much we can do tonight, but tomorrow I'll wake up the village. Right now, my sweet, we can at least search the house for any trace of the girl."

"I looked everywhere."

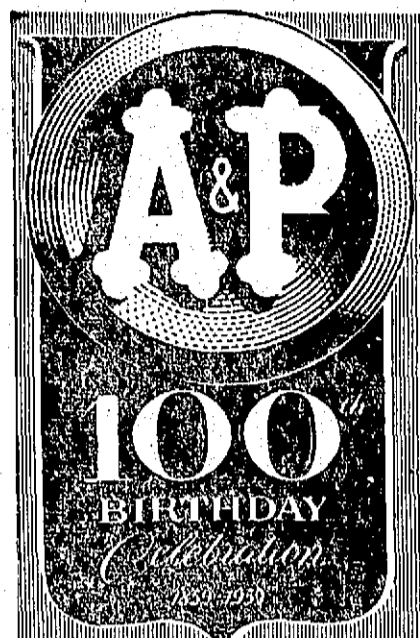

"You might have missed something. Any little clue that I can hold up and say well, explain this, if you think my wife is given to hallucinations."

## Just Right for Summer — a Station Wagon Picnic

A REAL summer treat was this station wagon picnic beside the historic Massachusetts grist mill in Old Sturbridge Village.

By GAYNOR MADDOX, NEA Food and Markets Editor

We filled our 1959 streamlined station wagon with six eager youngsters and drove up to Old Sturbridge Village in Massachusetts for the annual Muster Day.

A metal picnic basket, packed with canned soft drinks on top of a plastic bag filled with ice rode along with us and the boys and girls had their favorite "pop" en route — no stopping at roadside stands. Flavors — orange, gingerale, root beer, lemon-lime, black raspberry and many others in hefty 12-ounce cans, big enough to satisfy all youthful thirsts. We chose canned soft drinks to prevent leakage and need to carry bottles, and because the cans cool quickly and stay cool.

While the Mattatuck Fire and Drum Band, founded in 1765, played revolutionary tunes such as "Zipp Coon," "Old Dan Tucker" and "The Road to Boston," and the Lexington Minute Men, The Putnam Phalanx, and the Kenish Guards in colorful regiments paraded about the Village (a living museum of American life from 1790 to 1840), our station wagon

## Swede Starts for Home in 35-Foot Boat

CLINTON, Conn. (AP) — John C. H. Wendes is a 70-year-old man who wants nothing less than to see the land of his youth—Sweden. His task of turning a dream to reality is awesome. He is sailing the Atlantic in a 35-foot sailboat.

Weather permitting, Wendes leaves today with two younger men aboard his "Viking."

Wendes' romantic journey seems practical and sane to him. Of the boat, he said: "I believe it can go anywhere the Queen Mary could go. A small boat will stay atop the waves."

His crew will consist of Charles Steck 37, a consulting engineer from Washington, D.C., and Earl Potts, 27, an employee of the Maryland State Penitentiary.

Three men have sailed the Atlantic alone from the Straits of Gibraltar to New York.

Wendes came to the United States at 25. He worked for the U.S. Rubber Co. in New York for 26 years and when he retired in 1934 he was chief engineer and production manager.

"Last January my wife died. This left me free to go where I pleased. So I sold my house and started to plan the cruise. I'm in very good shape. When I come to work I can turn out a man half my age."
